

## Joint public consultation, Article 27 (3) NC CAM

Gas Connect Austria GmbH  
Floridsdorfer Hauptstraße 1  
1210 Vienna, Austria

Bayernets GmbH  
Poccistraße 7  
80336 München, Germany

2017-10-19

### Consultation period:

19 October 2017 – 19 November 2017

### Project description:

Based on the demand assessment report for incremental capacity between Austria (Market Area East) and Net Connect Germany (Germany), dated 27 July 2017, the planned incremental capacity project is consulted.

***The project creates incremental capacities at the point Entry Überackern SUDAL on the Austrian side on firm basis.***

Details about the project on Austrian side can be found in the [coordinated network development plan \(consultation version\)](#) with the project number GCA2015\_02a.

On the German side, bayernets can offer enough existing restricted allocable firm capacities to serve the capacity requested in the non-binding demand assessment phase. Bundling of existing capacity and incremental capacity has been analyzed during the coordination of the market demand assessment report.

Total CAPEX estimation on Austrian side: 204,994,875 EUR (incl. 25% contingencies)  
No investments are needed on German side.

### Offer levels for bundled capacity:

Offer level 0:

German side: existing available capacity

Austrian side: existing available capacity

Offer level 1:

German side: existing available capacity

Austrian side: existing available capacity and 2,517,750 kWh/h incremental capacity (10% of technical capacity has been deducted for short-term allocation).

Allocation Procedure:

Incremental capacities will be offered bundled in the annual yearly auction on 02 July 2018 for 15 consecutive years starting from 01 October 2022 via PRISMA platform.

Miscellaneous:

- The General Terms and Conditions of Gas Connect Austria GmbH are published on the TSO's website ([www.gasconnect.at](http://www.gasconnect.at)).
- The General Terms and Conditions of bayernets GmbH are published on the TSO's website ([www.bayernets.de](http://www.bayernets.de)).
- Estimation of the f-factor is 1.00 on Austrian side (subject to be changed by regulatory authority).
- No additional demand indications have been received after the deadline for the demand assessment.
- An impact on existing infrastructure is for the time being not expected.
